PETRO'S PRESCRIPTION DEPARTMENT

serves you with the three essential things so necessary to health in times of sickness—

First—Accuracy—so essential in compounding of prescriptions—a fraction of a grain more than the amount called for might cause death.

Second—Purity—There are different grades of drugs and chemicals, some said to be "just as good" as standard grades, and much cheaper, but they won't stand the test of the chemist. Our drugs and chemicals are purchased on a basis of Purity.

Third—Standardization—Certain drugs used in compounding prescriptions are brought to a certain standard of strength. These drugs are very powerful in their action and essential in cases of sickness.

Our free delivery service covers the entire city—Phone us your order.
